Nashville Health Care Council | Strengthening and Elevating Nashville as **the** Healthcare City.

**Delegation Agenda: Day 3
Council Fellows Session 6: Data and AI**

Why | Purpose

Technology advances are helping healthcare firms leverage large volumes of data, converting it into useful and actionable information. Analyzing data can be used for risk scoring, readmission prediction and enhancing patient engagement.

This day of the Fellows program will focus our discussion on the issues and opportunities in using **Data and AI** to improve overall performance.
